

Our exhibition logistics for your perfect trade fair.

Personally worldwide.

From presenting your products in the best possible light to coordinating your staff on the stand – as an exhibitor, there is plenty to take care of. Gondrand's exhibition logistics services are there to support you and to help ensure you make a flawless impression – wherever you are in the world. Our broad range covers everything from complete event-specific concepts, to organising and monitoring the transport you need, to storing your stand. Our experts use personal consultations to fit our services to your needs and work together with you to find a tailored solution. Gondrand ensures that every piece of exhibition equipment reaches its destination – precisely and just in time.

Just the solution you need for trade fairs and exhibitions.

As an official exhibition forwarding company and founding member of International Exhibition Logistics Associates (IELA), we not only have many years' experience in trade fair and exhibition logistics, but can also call on an extensive network of experts at any time. In close collaboration with our partners worldwide, we can take care of your entire transport chain using our road, air and sea freight services. By using modern technology and our extensive expertise, we can provide electronic customs clearance for imports and exports. Together with our exhibition-specific consolidation service, this will greatly reduce your administrative workload. We attach just as much importance to fitting out stands and arranging replenishment logistics during an exhibition as we do to the professional storage of your full and empty containers and to all your stand equipment.

The advantages to you at a glance:

- ▶ Personal consultation and supervision
- ▶ A professional contact person for all your enquiries
- ▶ Overall concepts tailored to trade fair requirements
- ▶ Worldwide transportation by road, air or sea freight, from your departure point to your exhibition stand and back
- ▶ Handling of all import and export customs formalities
- ▶ Global network of partners
- ▶ Trade fair-specific consolidation service
- ▶ Onsite coordination and supervision of all services at the venue
